L. II STRATHCONA, ALBERTA, FRIDAY, SEPTEMBER 25, 1908 No. 116

Murdered By Burglars

Elkhorn, Sept. 24.—Yesterday morning at about 3.30 o'clock Mike Sager manager for some time of the store of Lambert-Earl Hardware Co., Elkhorn, was shot and instantaneously killed by [illegible] whom he surprised rifling the safe of the company.

The deceased man in his attempt to save the property of his employers, became the victim of burglars, who fired at him at short range, the fatal bullett entering just below the heart, and carrying with it death.

The story of the shooting is tragic in the extreme. Mike Sager, the victim of the shooting, accompanied by Robert Fraser, surprised the burglars at their work, and leaving Mr. Fraser to guard the front door and then cut off exit from that source, he proceeded to the back door, and drawing a revolver, entered the store, coming face to face with the robbers. Sager called upon the thieves to hold up their hands and was greeted with a volley from revolvers in the hands of the burglars.

Sager endeavored to reply, but his revolver, according to the latest reports, jammed, and he became helpless in the hands of the desperadoes, who realizing their position, and the certainty of capture, fired to kill.

The fatal bullet, which carried death, to Sager, entered below the heart, causing hemmorrhage and shock, from which the injured man never recovered.

Four or five more shots were fired, which were more or less effective.

The desperadoes seeing the result of their work, beat a hasty retreat and succeeded in making their escape before the town could bealarmed.

Owing to the suddenness of the event and the hasty retreay beaten by the robbers, only a meagre description is available for the police to work upon, but even at that every hope is entertained that the culprits will be run to earth and made to suffer the penalty of their act.

The latest report states that the men were of the usual workmen style, one large and the other small, and that the bullet which carried death to Sager was fired by the smaller man of the two.

The burglars got away with about $[illegible] all the return they had for their night's work. Whether the burglars who in cold blood, shot and killed Sager, are members of an organized gang or not has not yet been decided, but the authorities rather fear that a gang of desperadoes are working in Manitoba and the west, and that no stone should be left unturned to run them to earth.

Elkhorn today is in mourning over the loss of one of its popular citizens, and every aid will be lent the police to locate the perpetrators of the foul deed.

The deceasd man was well liked in the western town. He was unmarried, and hailed from Stirling, Ontario, where he leaves a father and mother to mourn his sad fate.

No funeral arrangements have yet been made.

Today Detectives Ross, Brownlee, Cox and Guertin, and several provincial police have been detailed by Chief Elliott to hunt down the murderers, and nothing will be left undone to bring the slayers of Sager to justice.

Sherman On Lemieux Act

Halifax, Sept. 24.—At this morning's session of the Trades and Labor Congress, Delegate Sherman of British Columbia, characterized the Lemieux Act as a barbarous measure. He said that he had considerable experience with the act, and well knew the [illegible] son it had been brought into existence. He said the miners of British Columbia had been on strike for about nine months, and were just on the point of winning when the Dominion government intervened. He went on to charge the government with having first aimed at the miners' organizations and then at the railwaymen's. Sherman said there was too much of a political nature in the act. It was a farce to, claim that it was made in the interests of the public.

DRY—VERY.

Brockville, Ont., Sept. 24.—Continued dry weather is having a noticeable effect on the offerings at each meeting of the local cheese board. With decreased milk supply, there is a corresponding lessening of production. Pastures are burned to the root for lack of grain and farmers have resorted to feeding corn and hay. The general opinion is that in view of the existing conditions the first of October will witness closing of many factories which usually continue operations until well on in November. The source of supply for two of the large water tanks on G.T.P. between Brockville and Montreal, have become exhausted owing to the drought and the company is at its wits' end to keep the engines supplied with water while making the trips between the two points. A delay of engines may be necessary to meet this difficulty.

The Lion's Mate

London, Ont., Sept. 25.—Speaking here last night, R. L. Borden made reference to his meeting at Montreal, saying he had read a newspaper statement to the effect that the interruptions, which he explained were not of very serious character, were due to the fact that he had been requested by the C. P. R. strikers to make some observations with regard to a particular issue in the matter between them and the company. "Let me say," Mr. Borden continued, "that no such request was ever preferred. I knew nothing of such a request, when I rose to speak, and friends of mine that went into the gallery and inquired into the disturbance assured me that the C.P.R. strikers were not at all responsible." Returning to the subject of the presence of provincial premiers and particularly Sir Wilfrid Laurier's remark that "lions hunt alone," Mr. Borden asked, "Why should Sir Wilfrid not be accompanied by Messrs. Turiff and Aylesworth?" and replying to his own question he said the reason was that Turiff was the chief commissioner of Dominion lands under the administration of Hon. Clifford Sifton, and had given his brother-in-law A. J. Adamson, and his associates 250,000 acres of the best land in the northwest, out of which they had made a million and a half. Mr. Borden admitted that the sale was accompanied by a condition that it should be colonized, but nevertheless said it action was the most iniquitous one perpetrated behind the back of the people. Mr. Borden thought that Mr. Emerson should appear on Sir Wilfrid's platform and explain the charges of graft in connection with the purchase of lands of the Intercolonial railway. Mr. Borden, as a matter of fact, thought Sir Wilfrid's entourage should include all those against whom the opposition had made scandal allegations.

Lord's Day Alliance Busy

Ottawa, Ont., Sept. 24.—A deputation from the Lord's Day Alliance waited on members of the Anglician Synod to-day and asked for co-operation and support. They were received and welcomed by the archbishop of Rupert's Land. W. G. Hanna, assistant secretary said a defective clause of Lord's Day Act was thatwhich allowed the Provincial Attorney-General to grant the liberty ofprosecution or refusal. In British Columbia, Nova Scotia and Quebec, the act was not being enforced. Of 150,000 men who used to work Sunday some 80,000 had Sundays to themselves but the alliance still sought to emancipate at least 50,000 of these. One hundred and fifty thousand newspapers used to 20,000 fewer.

come into Canada. Now there were

Rev. Dr. Armstrong, ex-moderator of Presbyterian assembly, also addressed the synod.

TO CONSERVATIVES

All Conservatives interested in the approaching elections are invited to either leave their names and address or send them to the Secretary, Conservative Committee Rooms, Strathcona, so they may be notified in due time of their polling places. The committee rooms are in Ross Hall.

Address Secretary, Conservative Committee Rooms, Strathcona.

TOWN IN SHERIFF'S HANDS.

Toronto, Sept. 24.—The village of Weston, is in the hands of the sheriff. A writ of execution was issued against it by the Equity Fire Insurance Company to ratify a judgment of $10,315 and $280.42 costs granted by Mr. Justice MacMahon. The judgment was for moneys advanced by the insurance company to the village.

To Capture A Republic

Boston, Sept. 24.—The Post will tomorrow publish the disclosure of an alleged filibustering expedition which is intended to start from this city on October 1st, composed of 600 men fully armed and equipped for the overthrow of the United States of Columbia.

The recruiting of this allegel force was under the direction of a mining engineer, of New York. Revolvers cartridges, carbines, reaching guns had already been purchased from a firm in New York. The arms were to be shipped to Boston and held here until the departure.

A British tramp schooner had been secured, it is claimed, as a transport for troops and arms to South America.

A fishing schooner was to take the men out of Boston Harbor to the three mile limit, where the tramp steamer would be met. A former major in the United States army, who lives in Providence, R.I., was secured to command and the date of departure set for October 21st.

Rockfeller Turns Author

New York, Sept. 2[illegible] D. Rockefeller appears for the [illegible]ole of an author in a [illegible]s "Some random [illegible]ments," the first of which [illegible] Friday in the October [illegible]ssue of the World's Work.

Mr. Rockefeller, among other things, says:

"It has been said I forced the men who became my partners in the oil business to join with me. I would not have been so short-sighted. If it were true that I followed such tactics, I ask would it have been possible to make of such men life-long companions? For fourteen years I have been out of business and have only gone to the company's officeonce in eight or ten years."

Further on he says: "Another thing to be remembered about the so-called octopus is that there has been no 'water' introduced into the capital (perhaps we felt that oil and water would not have mixed) nor in al, these years has any one had to wait for money which the Standard Oil owed. It is a common thing to hear people say that this company has crushed out its competitors; only the uninformed could make such an assertion. It has always and I will have hundreds of active competitors."

at an official hearing, that "if I were to

Mr. Rockefeller recalls what he said suggest any legislation regarding industrial commission it would be first—federal legislation under which corporations may be created and regulated, if at all possible. Second—in lieu thereof, state legislation as nearly uniform as possible to encourage competition of persons and capital for the purpose of carrying on industry, but sufficient to prevent frauds upon the public."

Mr. Rockefeller also says: "I am an investor in many American enterprises, but a controller of none, with one exception, and that a company which has not been much of a dividend payer, and I, like the rest, am dependent upon the honest and capable administration of the industries."

Many Ships Delayed By The Smoke

Montreal, Que., Sept. 24.—No less than twenty-two ocean liners are now somewhere in the river between Montreal and Quebec, either outward or inward bound, and in addition to these large craft there is a number of smaller vessels such as coasting ships and colliers which go to swell the total of ships delayed by the densest fog and smoke cloud which has ever visited the St. Lawrence. The cost to the shipping companies is reckoned in the thousands, for it goes without saying that when a boat is anchored and does not reach her destination, the cost on work ing her goes on just the same. The average 5,000-ton ship which comes to Montreal costs $600 a day for maintenance. One day's delay to the ships now in the river, numbering 22, means approximately $13,200, and as some of them have been trying to make the port of Montreal since Sunday last, the loss to the owners will be considerable.

The Edmonton Mystery

The body of the infant child, which was dug up in an Edmonton garden [illegible]. Yesterday Dr. Biggar held an [illegible] Wednesday, has not yet been [illegible] autopsy over the remains at Moffatt's undertaking parlors, but owing to the advanced stage of decomposition which the body has reached the exact cause of death was undiscoverable.

A close examination revealed no external marks of violence and no bones were broken.

The body is about 19½ inches long and the autopsy showed that it had lived for about one week and during that time had evidently been properly nourished.

The remains were well wrapped up and in his the infant was apparently warmly clad.

Part of the clothing consisted of a small embroidered cap and embroidered baby linen. The whole was warpped up in a man's large-sized heavy woolen undershirt and part of a woman's red skirt.

Detective Sergeant Griffiths who has charge of the case, is empannelled a jury and an inquest will be held.

The detectives have now taken possession of the clothing which was wrapped around the remains of the infant and are examining it for possible marks of identification.

WAINWRIAHT BOOMING.

Wainwright, Sept. 25.—The first train on the new line of the G.T.P. arrived on time to a minute. A large crowdof citizens were at the station and cheered its arrival. It was crowded with commercial men, landseekers tourists and men looking for business openings. A weekly paper will be started within the nex, week and will be called the Wainwright Star. A plant is already on the road.

CHECKING FOREST FIRES.

Northereek, N. Y., Sept. 24.—After days of ceaseless battling with the forest fires that have been destroying thousands of acres of timber lands through the Adirondacks and which threatened to spread to villages and fightrs tonight succeeded in cracking the more serious fires and the situation summer residences, the army of fire is greatly improved. Very few of the fires have been extinguished, however, and there is still great danger if the wind should freshen, all the heroic efforts of the fire fighters will have gone for nothing. Statements received to-day from the supervisors of all the towns near here indicate that twenty thousand acres of timber have been burned and that the fires in this district extended over a radius of thirty miles.

To Fight Sifton

Brandon, Sept. 25.—Hon. T.M. Daly, was the only name proposed at a large representative Conservative convention and the nomination was received with enthusiasm. Mr. Daly then addressed the convention briefly, but with optimism.

Dr. Roche delivered a speech, recalling that the Liberals preached free trade in opposition, not a moderate tariff as they now claimed they did. Deprecating the fact that outside civil service was not included in reform measure, Roche claimed the outside men were all electioneering. Roche then turned attention to timber deals, declaring competition was a myth and accused Sifton of gross favoritism in granting the leases to Burrows and recited several instances of deals.

Conservatives Hold Smoker

A most successful smoking concert was held in Ross Hall last night between one hundred and fifty and two hundred being present. There was a great deal of enthusiasm throughout and it seems quite apparent that the Conservative cause is attracting all the younger men to its fold. Nothing augurs better for the future of the nation than the determination of the young men to ally themselves to a party pledged to purity of administration. For a short time until the arrival of President Duggan Capt. Carstairs took the chair. The meeting was opened by a few remarks by Major Jamieson, who taking as his subject Mr. Oliver's statement at Winnipeg that he had never refused to produce documents, proved conclusively by quotations from Hansard that Mr. Oliver's statements were untrue and that not only had he refused to produce the documents but had declared that if documents had been produced by his department previously it was without his knowledge and against his instructions. Several gentlemen then rendered songs, Mr. Westerly officiating at the piano. Mr. Angus, of Wetaskiwin, who had been defeated by Mr. Rosenroll by eight votes in the provincial house, was then called upon and complimented the Strathcona Conservatives on their splendid turnout. Mr. Angus declared his adherance to Conservative principles. After some more songs, Mr. Duggan called upon Mr. J. R. Lavell. Mr. Lavell, who is always a convincing and fluent speaker, was at his very best and trounced the government in a manner that could not fail to carry weight. He ridiculed the Globe's claim that Sir Wilfrid Laurier was a "demigod" slyly hinting that "sin god" was probably more correct. Mr. Lavell reviewed the growth of Canada since confederation showing step by step how much was due to the efforts of the fathers of confederation. He scored a striking point when he compared the attitude of George Brown, a former editor of the Globe with its present editor's attitude. Mr. Lavell held his audience from start to finish and at the conclusion was accorded quite an ovation. More songs were then the order of the program, after which Mr. Lowther was called upon. He drew a very satisfactory picture of what might be expected in Nova Scotia on October 26th, and declared that both Conservative candidates, Mr. Borden and his colleague, would be returned at Halifax. After God Save the King had been sung with that lustiness which only good Tories understand, three rousing cheers which might have been heard in Dayaland, were given for Mr. Day, followed by three for Mr. Borden. The greatest enthusiasm prevailed and everyone is looking forward to the next smoker to be held next Thursday. Come yourself and bring a friend.

PRESS ASSOCIATION MGETS AT NELSON.

[illegible]nual meeting of the Alberta [illegible]ciation Nelson, B. C., Sept. 24.—The annual meeting of the Alberta and Eastern B. C. press association is in session here to-day with about twenty-five delegates present. The being held here to-day with about convention was welcomed by Mayor Taylor, after which a discussion of subjects of interest to newspapering the date to be fixed by the executive but not to be later than August next. The officers elected are: Hon. President, W. J. Deane, Nelson; President, Capt. T. B. Thomas, Cameron; first vice, W. H. [illegible], Edmonton; Secretary-Treasurer, H. H. [illegible], Raymond; Executive, W. [illegible], Calgary; A. Wylie, Claresholm; F. A. Schooley, Lacombe; A. B. Watt, Edmonton; F. J. Smith, Moyie.

CURRENT COMMENT

There are one class of electors in this country that should vote to a man against the present administration. We refer to those who were born in the Mother Country and have come to Canada during the past decade. It is to us inconceivable that any such should record a vote for the perpetuation of a system which is absolutely at variance with all the canons of good, clean government observed by all parties in the land of their birth. We believe that no better Canadians exist than those which have sprang from the little waveguarded islands in the Northern sea, and we believe further that their usefulness as Canadian citizens is increased by the tenacity with which they hold to the high ideals and lofty aspirations which constitute the political goals of all parties in the Old Country. We know that an overwhelming majority of these new settlers already realize that a vote given in support of the present administration is a vote given in perpetuation of political graft corruptions and chicanery that is a travesty of all decent government. The old country bred man should put from his mind all idea of party such as enters into the Old Country politics. The question is one of purity against corruption. It is no argument to say that the Conservatives prior to 1896 were as bad. Whether they were or not does not matter two cents. The question now is whether purity or corruption shall rule. Under the present government graft and corruption are rampant. The government must be turned out. If their successors do not alter the condition of affairs they must be turned out and every successive government must be dismissed until Canada has purity of administration and government free from graft. The Old Country voter must not be led astray by party names. The liberalism of Laurier, Oliver, Marshall and Wagge no more resembles the liberalism of Gladstone, of Bright, of Campbell-Bannerman, or of Asquith than chalk does cheese. The name Liberalism in the West is a mere empty sounding piece of claptrap. Speaking at Morinville, Mr. Oliver said that Conservative principles properly applied were good in certain circumstances and Liberal principles in others. We thoroughly agree, but the question before the electorate on this occasion is not whether Conservatism or Liberal principles as understood in the old Country shall obtain, but whether the country shall be governed without principle or not. In a speech at Calgary Dr. Stewart, the Liberal candidate, declared that Sir Wilfrid Laurier had the eloquence of Gladstone, the astuteness of Disraeli and the kindness of Campbell-Bannerman. What fulsome nonsense. We have heard both Gladstone and Laurier. That the latter is an eloquent orator no man can doubt. The readiness of utterance, the beautifully rounded phrases and the soft sibilance of the French pronunciation of English constructions to his silver-tongued oratory. But he lacks the rugged sonority, the eloquent outbursts of passion, and the magnificent flights of pure Anglo-Saxon eloquence that pressed one with the transparent candour of its character. On hearing Laurier one would say, "There is a beautiful speaker," while the absolute result of Gladstone's oratory was to produce involuntarily the comment "There is indeed a man." And think of the different attitudes Sir Wilfrid has assumed with regard to the questions that have arisen during the past two years and how that Gladstone's attitude would have been. Fancy William Ewart Gladstone, thrilling in lofty eloquence in apology for Wagge's campaign of beer and bribery in the west. Fancy Gladstone temporizing with the moral iniquities of the Fancy Gladstone apologizing for the Civil Service Commissioner's report Yukon and swearing at Dr. Pringle, and appointing partisan counsel at the further inquiry in order to whitewash he government. Fancy Gladstone denying parliament the right of access to public documents. Fancy Gladstone defending and condoning the Borrows Sifton-Tariff, Adamson-Hitchcock deals. It is unthinkable. Yet Sir Wilfrid Laurier did all this and Frank Oliver and Dr. McIntyre clapped his hands approvingly. You voters from across the sea the issue is clear. Will you be true to the traditions of your race Will you follow the lofty ideals that your fathers lived for and loved. Or will you take your place in the grafters' ranks in the country of your adoption ? The Old Country man that votes for the continuation of the graft ing government in power is a traitor to his blood. It is no question of Liberal or Conservative. It is a question of honesty. Do you desire clean government and honest administration ? Every vote given to a supporter of the present administration is a vote against honesty.

POLITICAL PARAGRAPHS.

"Sir Frederick Borden brought that magazine to task and it had to immediately apologize. It is just such accusations that have been brought against my colleagues and if any other has been brought it shall be met in the same way. Either the ministers will have to go or the slanderer will have to apologize."

So said Sir Wilfrid in his speech at Niagara. Sir Frederick was very wily. He waited until the accusations were made in a paper that wouldn't fight before he challenged them. Why did he not challenge the Daily Mail with its fivemillion dollars capital and its daily issue of over a million copies ? Because the Daily Mail would have fought. It is not like the Nineteenth Century Review, a maudlin monthly of overwhelming respectability that would be scared out of existence at the thought of a libel action. Tackle the Mail, Sir Frederick—if you dare. The paper that paid $250,000 of damages cheerfully to bust the Lever soap combine is not likely to funy the Canadian Minister of Militia.

Cough Caution

Never, positively never poison your lungs. If you cough—even from a simple cold only—you should always heal, soothe, and ease the irritated bronchial tubes. Don't blindly suppress it with a stupefying poison. It's strange how some things find favor at once. For twenty years Dr. Shoop has constantly warned people not to take cough mixtures or prescriptions containing Opium, Chloroform, or similar poisons. And now—a little late though—Congress says. Put it on the label, if poisons are in your Cough Mixture." Good! Very good! Here's further history reasonably, and exact, should insist on having Dr. Shoop's Cough Cure. No poison marks on Dr. Shoop's label—and none in the medicine, else it must by law be on the label. And it's not only safe, but it is said to be by those that know it best a truly reliable cough remedy. Take no chances then, particularly with your children. Insist on having Dr. Shoop's Cough Cure. Compare carefully the Dr. Shoop package with others and note the difference. No poison on ours. You can always be on the safe side by demanding

Who Defended Turriff-Burrows and Sifton?

The Conservative Platform

As Enunciated at Halifax and Other Places by Mr. R. L. Borden, Leader of His Majesty's Loyal Opposition in the House of Commons.

1 Honest appropriation and expenditure of public moneys n the public interest

2 Appointment of public officials upon consideration of apacity and personal character and not of party service alone.

3 More effective provisions to punish bribery and fraud at elections, to ensure thorough publicity as to expenditures by political organizations, to prevent the accumulation of campaign funds for corrupt purposes and to prohibit contributions thereto by corporations, contractors and promoters, to expedite hearing of election petitions and to prevent collusive clarisgements the withdrawal or compromise thereof, to provide for a thorough investigation to corrupt practices and if nesessary to appoint an ndependent prosecuting officer to enforce the laws so amended

4 A thorough and complete reformation of the laws relating to the Civil Service so that future appointments shall be made by an independent commission acting upon the report of examiners after competitive examination

5 Such reform in the selecting of members of the Senate as will make that chamber a more useful and representative body.

6 A more careful selection of the sources from which immigration shall be sought, a more rigid inspection of immigrants and the abolition of the bounty system except under very special circumstances and for the purpose of obtaining particularly desirableclasse s of immigrants.

7 The management and development of the public domain (in which are to be included great national franchises) for the public benefit and under such conditions that a respectable proportion of the increment of value, arising therefrom shall inure to the people.

8 The operation and management of our government railways by an independen commission free from partisan control or interference.

9 Development and improvement of our national waterways the equipment of national ports, the improvement of transportation facilities and subsequent reduction of freight rates between the place of production and market, whether at home or abroad and the establishment of a thorough system of cold storage.

10 The re-organization of the present railway commission as a public utilities commission with wider power and more extended jurisdiction, so as to establish thorough and effective control over all corporations owning or operating public utilities or invested with franchises of a national character.

11 The establishment after due investigation of a system of national telegraphs and telephones under conditions which shall be just to capital already invested in those enterprises.

12 The improvement of existing postal facilities, especially in newly developed portions of the country, and inauguration, after proper inquiry as to cost, of a system of free rural mail

13 A fiscal policy which will promote the production within Canada of all useful articles that can be advantageously manufactured from or by means of natural resources, having due regard to the interests of the consumer as well as to the just claims of our wage-earning population.

14 The promotion by negotiation and other constitutiona means of a system of mutual preferential trade within the Empire

15 The restoration of the public lands to the Provinces of Alberta and Saskatchewan upon fair terms.

6 The unimpaired maintenance of all powers of self government which have been conferred upon the Provinces o Canada under the constitu f

CONSERVATIVE COMMITTEE ROOM

ROSS' HALL

IS NOW OPEN

Around the City

The Misses McHeffey, of Vancouver, are visiting Mrs. Sf Archibald.

A hockey meeting will be held in the office of Kent & Parr, on Tuesday evening next. It is expected that two representatives from the Edmonton club will be present, and a schedule of games will be arranged to take place before the capitals go east to play for the Stanley cup.

Tickling or dry coughs will quickly loosen when using Dr. Shoop's Cough Remedy. And it is so thoroughly harmless, that Dr. Shoop tells mothers to use nothing else, even for young babies. The wholesome green leaves and tender stems of a long healing mountainous shrub give the curative properties to Dr. Shoop's Cough Remedy. It calms the cough and heals the sensitive bronchial membranes. No opium, no chloroform, nothing harsh used to injure or suppress. Demand Dr. Shoop's. Accept no other. Sold by all dealers.

MARRIED—POWERS-WRIGHT — AT the Methodist parsonage, Calgary, on Sept. 23rd, by the Rev. Kerby, Henry A. Powers, of Strathcona, to Sarah E. Wright, of Toronto.

When we complain of the high rate we have to pay for electric power we are told that if we used more we would get a lower rate for light than others who do not use one-fourth as much, as we do, we are told that it is the small consumers who keep the plant going. Funny, sin't it?

Drive rheumatism out of the blood with Dr. Shoop's Rheumatic Remedy and see how quickly pain will depart. Rub-on's never did reach the real disease. Rheumatism isn't in the skin. It's deep down—it's constitutional. Getting rid of the pain is, after all, what counts. Dr. Shoop's Rheumatic Remedy goes, by word of mouth from one to another. And herein lies the popularity of this Remedy. It is winning defenders everywhere. Tablets or liquid. Sold by all dealers.

The Leger

London, Sept. 23.—The feat of Your Majesty (W. Griggs), beating White Eagle (D. Maher), by half a length in St. Leger is still the talk of the racing circles. Among the unplaced were Signorinetta, the Derby and Oak winner, who finished seventh, Guineas winner, who finished last, and NormanIII., the Two Thousand badly beaten in a field of ten. The following is a summary of the race:

St. Leger Stakes of 6,500 sovereigns, old St. Leger course, about one mile ix furlongs and 132 yards).

Mr. J. B. Joel's by Your Majesty by -Persimmon—Yours (black, red cap), Wal Griggs..... 1

Mr. W. Hall Walker's che White Eagle, by Gallinule—Merry Gal (Blue and white check, cerise cap), D. Maher..... 2

Mr. L. de Rocthschild's bs Santo Strato by Victor Wild or St. Frusquin—Pie Powder (blue, yellow cap), O. Madden..... 3

Mr. W. Hall Walker's Pom, G. McCall..... 4

Duke of Portland's Primer, H. Jones 5

Mr. A. Bendon's Ebor, W. Higgs... 6

Chev. Ginistrelli's Signorinetta, W. Bullock..... 7

Mr. W. Hall Walker's Royal Realm, Lord Carnarvon's Bembo, B. Dillon 9

Mr. A. Belmont's Norman III, W. Halsey 10

Winner trained by C. Morton.

Betting—11 to 8 against Your Masty, 10 to 1 each Norman III, Primer nd Signorinetta; 100 to 8 Ebor, 100 to 7 each Bembo and White Eagle; 00 to 6 Santo Strato; 20 to 1, Pom, nd 25 to 1 Royal Realm.

Bembo dwelt slightly. Pom was the first to break the line, and he dashed away with a two lengths' advantage of Santo Strato and Primer; then in cluster came Royal Realm, Your Majesty and Norman III., Ebor on her heels. When they had fairly settled down Signorinetta and White Aagle were the last pair. Before the brow of the hill was reached Royal Realm had moved up into second place, he and Pom having Santo Strato and Primer as their attendants, Ebor lying close up in front of Norman III, with Signorinetta failing to improve her position. On reappearing into iew Pom was showing the way three engths in advance of Bembo, Santo S rato and Primer, the last three vacing upsides in front of Your Majesty, Norman III now joining the ruck. At the Rifle Butts this order was preserved, but after leaving that landmark, Royal Realm commenced to weaken and Pom was followed by Bembo, Royal Realm (dropping out), Santo Sarato, Ebor and Your Majesty, Pom maintained the lead till a quarter of a mile from home, where Bembo was eaten, and Ebor drew anbreast of the ader, Santo Strato lying next, with Your Majdsty closing on them in advance of White Eagle. At the Intake turn Your Majesty forged ahead, and though White Eagle put in some strong work from the distance, the favorite held him safe and won a pitgi race by half a length; four lengths between second and third. Three lengths off Pom was fourth nd Primer a fair fifth. Norman III, was beaten off a long way last. Time, minutes 6 seconds.

POLITICAL PARAGRAPHS.

(Continued fr m page 2.)

A government that was guilty of one-tenth of the offences with which he Conservative press and politicians harge the Laurier administration ould be unworthy of the confidence f the people of Canada."

So says the Globe. We thoroughly concur. It is not often we find ourselves in accord with the Globe.

"Sir Wilfrid proceeded to refer to the appointment of the civil service commissionand of Judge Cassels as showing that the government was prepared to investigate and remedy all abuses in administrative departments" ir Wilfrid did not answer Mr. Borden's direct charge that the condition of the Marine Department was known by the premier long before the commissioners repotted. Nor did he explain the carefulness with which the Grit counsel were appointed to prevent damning evidence going before Judge assels.

Some questions for Mr. Oliver tonight:

How much parliament cost $24,000 per diem?

Did the Aylesworth Arbitrity Act cost $1,400,000 before it was shelved?

Did the fight to secure the original comments cost $144,000?

Who is John Howie?

Why did the government approve the onduct of Phillip Wagner?

What has become of the fishing rights in the great lakes?

MAGISTRATE SPEAKS FOR ZAM-BUK

Magistrate Perry, of Goldfields, B.C., believes in making a good thing known. Writing of Zam-Buk, the great household balm, he says:—"After a very fair trial I have found it eminently satisfactory. In my case it cured a skin rash of five years' standing which no doctor had been able to do any good for. I would certainly encourage any person to keep Zam-Buk in his home." The magistrate is quite right. Every home needs Zam-Buk! Unequalled for cuts, burns, bruises, eczema, blood poisoning and all skin diseases. All druggists and stores sell it at 50 cents a box. Sure cure for piles.

DON'T NEGLECT THAT SORE!

A Chicago man has just died from blood poisoning arising from neglect of a small sore. Don't neglect a cut, a patch of eczema, or an open sore of any kind. The air is full of poison germs, waiting to start up their evil results in neglected sores, wounds, etc. In Zam-Buk is safety. Zam-Buk is so highly antiseptic that applied to any skindisease or injury it makes blood poisoning impossible. In using Zam-Buk you have three processes going on at once for Zam-Buk is healing, soothing and antiseptic. Try it without delay.

A GENUINE OFFER.

TEST ZAM-BUK AT OUR EXPENSE!

We appreciate the position taken by the man or woman who says:—"If your preparation is what you claim, you should have no objection to letting us try it before spending our money on it." To every person taking this view we say, send one cent stamp (to pay return postage) and name and date of this paper to Zam-Buk Co., Toronto, and we will mail you a free trial box of Zam-Buk. Zam-Buk is purely herbal, suitable for the delicate skin of little children, yet powerful enough to heal chronic sores of long years' standing. All druggists and stores, 50c. box, 3 for $1.25.

Every Home Needs Zam-Buk

"RUB IT IN"
